Hussein Abu-Rayyash

ABD (All But Dissertation) in Language Interpretation and Translation

haburayy@kent.edu | +1 216 971 3249 | Kent, OH 44240 | LinkedIn | Google Scholar

Academic Appointments & Teaching Experience

Miami University 2025–Present
Visiting Instructor

- Teaching Arabic courses and contributing to curriculum and materials development.

Kent State University 2025–Present
Language Specialist (MA Courses)

- TRST 60100 Practice of Translation
- TRST 60095 Literary and Cultural Translation

Kent State University 2023–Present
Graduate Teaching Assistant - Arabic Instructor

- Designing data-informed Arabic language curriculum and assessments.
- Integrating eye-tracking insights and AI-enhanced activities to support language learning and understanding.

Applied Science Private University 2020–2022
Research & Content Operations Specialist

- Building and analyzing translation corpora; supporting course content and quality metrics.

Ministry of Education, Kuwait 2015–2020
Language Education Specialist

- Implementing language learning programs and supporting curriculum digitization.

Courses Taught

Elementary Arabic I; Elementary Arabic II; Intermediate Arabic; Advanced Arabic.

Editorial Service

Arabic Journal for Translation Studies 2025–Present
Editorial Team Member
Peer-reviewed international journal published quarterly in Arabic, English, and French by the Democratic Arab Center, Berlin, Germany (ISSN 2750-6142).

Education

Kent State University, USA 2022–Present
Ph.D. in Language Interpretation and Translation (ABD)
Applied Science Private University, Jordan 2020–2022
MA in Audiovisual and Mass Media Translation
Hashemite University, Jordan 2011–2014
BS in English Language and Literature

Curriculum, Pedagogy & Educational Technology

- Developing corpus-informed materials and rubrics for Arabic language courses.
- Creating classroom-ready activities using AI-supported tools.
- Experiencing with LMS platforms and online/hybrid delivery.

Conferences & Workshops

2025

- Workshop: "From Small Data to Big Data: Introducing an AI-powered Tool for Corpora Creation and Analysis" Kent State University, USA
- "AI for Good in Translation Studies: Methodological Implications" Kaleidoscopic Translation Studies Graduate Conference, Kent State University, USA

2024

- "Quality Assessment of Creating Interlingual Pre-recorded Subtitles for the Deaf and Hard-of-Hearing (SDH): The Lot Model" New Horizons in Language, Literature, and Translation Studies Conference, Middle East University, Jordan

2023

- "Arab fansubbers' intervention in movie scripts through adding humorous notes: Reactions and functions" Translation Studies: Challenges, Innovations, and Pedagogy, Binghamton University, USA

Grants & Research Leadership

Principal Investigator: The Dawn of Interpreter Earbuds (2025); From Niche to Mainstream: Fansubbing in the Arab World (2023–2024); SubCom: English–Arabic Comedy Subtitles (2022–2023).
Co-Investigator: Corpus Integration in Translator Education (2025); AI-Generated Subtitles and Cognitive Effects (2025); Saudi Translation Market Trends (2025); Stand-up Comedy Corpus (2025); SDL Language Cloud (2023–2025); Psychological Stress in Simultaneous Interpreting (2024); TransVisio (2024); Morphological Complexity in NMT Post-Editing (2024); SubGPT (2024); Eye–Ear Relationship (2024).

Software & Tools Developed

TransVisio:	LLM-powered subtitling tool (up to 40% accuracy gains in internal evaluations). **GitHub Link**
TransCorpora:	Research tool for collecting, organizing, and analyzing archival texts. **Project Link**
StatLation:	Web-based tool for statistical analysis in empirical translation studies. **Project Link**

Teaching Awards & Honors

Platinum Teaching Recognition Award, Kent State University (2024)
Gold Teaching Recognition Award, Kent State University (2024)
Phi Sigma Iota International Foreign Language Honor Society (2024)

Languages & Technical Skills

Languages:	Arabic (Native); English (Near Native)
Programming:	Python (NLP with NLTK); SPSS
CAT Tools:	SDL Trados; MemoQ; Aegisub; SubtitleEdit
Corpus Tools:	AntConc; SketchEngine; WordSmith
